## **God and Phenomenal Consciousness: A Novel Approach to Knowledge Arguments** Yujin Nagasawa

In *God and Phenomenal Consciousness*, Yujin Nagasawa bridges debates in two distinct areas of philosophy: the philosophy of mind and the philosophy of religion. He proposes novel objections to Thomas Nagel's and Frank Jackson's well-known 'knowledge arguments' against the physicalist approach to phenomenal consciousness by utilizing his own objections to arguments against the existence of God. From the failure of these arguments, Nagasawa derives a unique metaphysical thesis, 'nontheoretical physicalism,' according to which although this world is entirely physical, there are physical facts that cannot be captured even by complete theories of the physical sciences.
