Written by 10 experts on the topic, Enterprise Risk Management for Small and Medium-Sized Enterprises is designed as an ERM reference tool for small business owners, students and risk management professionals, as well as a means for large corporations to improve their overall ERM practices. This is the first time ERM has been explored in a comprehensive manner for the largest and fastest growing business segment in the United States--small and medium-sized businesses. Every chapter includes practical and implementable suggestions on how to create an ERM environment.
