## **Short Circuits** John A Connor

A collection of brief tales concerning the world just around the corner - a world that may or may not be our own. A dozen compact encounters with rising sea levels, the aftermath of war, alien encounters and pan dimensional travel. As the author says, 'one merit of a collection of ultra short stories is that if you don't like the one you're reading, another will be coming along very soon!' Given his absorbing mix of the dramatic and the wryly humorous, the probability is that you'll take time to enjoy them all. Praise for Short Circuits: The late Sir Patrick Moore, astronomer and TV presenter said, "A very lively and entertaining little book. When you read it you will find something to really appeal to you. I am sure you will enjoy it as much as I did."
