ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

Applying philosophy to everyday life.

Core Questions in Philosophy emphasizes the idea that philosophy is a subject devoted to evaluating arguments and constructing theories.

Presented in an engaging lecture-style format, this text/reader focuses on the basic issues and ideas in philosophy with lectures/discussions, supported by readings from historically important sources. Discussions emphasize the logic of philosophical arguments and how they relate to the content of modern physical and social sciences.

Teaching & Learning Experience

The teaching and learning experience with this program helps to:

- **Improve Critical Thinking** – Review questions at the end of each chapter allow students to review what they've just learned and think critically about related problems.
- **Engage Students** – Following a lecture format, the text portion is written in an engaging conversational tone.
- **Explore Theory** – Emphasis on evaluating arguments and constructing theories.
- **Support Instructors** – An instructor's manual, test bank, MyTest Test Bank, and PowerPoint presentation provide more teaching resources.
