## **Vale of Mourning (Underworld Series) (Volume 1)** Lesy Cotera

After a horrific accident lands her in an asylum for the better part of her young adult life, Caia was relieved to be home. So much had changed but she was ready to begin her life; but when the voices in her head come back stronger than ever, coupled with strange and weird events all around her, Caia must learn to listen. As her best friend and the only family she had, as only a military man could, Noah always felt a sense of duty and responsibility towards Caia. He never agreed with putting her in the asylum, even if it was for her own good. But now Caia is acting even stranger than before and Noah will have to choose once again what is the best thing for her. Can he break his promise to her and put her back in the one place she would rather die than have to revisit? Or will he turn his back on his career and country for the only person he has ever loved? Roman was tasked with keeping Caia safe but he has deep and dark secrets of his own. He never meant to fall in love with her but refuses to let that get in his way. But when weird and unexplainable events begin to plague Caia, he becomes suspicious that maybe she isn't the simple human Atticus told him she was. Can he just stand by and let her succumb to the whims of another just for his own safety? Family, Love, Friendships and Loyalties will be tested as Caia fights to discover her past and finally begin to have a future.
