History repeats itself: ethnic incitement, land grabs, biased media, and government surveillance played a part in WWII and do so again. Don't think so? While not a complete history of WWII, nor a focus on the battles, *It was Blood, Sweat, & Tears* creates a striking comparison between events today, such as those in Ukraine, with those of the 1930s. See for yourself how anti-Semitism thrived then and thrives now in an atmosphere of indifference. Expanded Paperback Edition.
