Wanted by the Cowboy - Can be read as a standalone book

Everyone knows Liam Boone is an ex-Army ordnance specialist, but only his commander and his brothers know he was also one of the most lethal snipers in the military. Tired of killing, Liam left the service to return home and help his brothers run their family cattle business on Ghost Lake Ranch. His past comes back to haunt him, however, when his former commander calls on him to keep an eye on his daughter, forensic archaeologist Catriona Merlin, as she investigates an old burial site to uncover the truth about a turn-of-the-century serial killer only known as The Reaper.

Cat Merlin isn't happy to be saddled with her dad's ex-Army buddy, but Liam soon proves to be helpful with the work at her dig. She doesn't understand why she's so attracted to the cowboy, either, as he seems indifferent to her. That all changes one night when Liam hauls Cat out of a hidden, lethal trap, and he reveals just how much he wants her. The mind-blowing sex they have, however, doesn't distract Cat from realizing that someone is trying to kill her. The next day she finds out why when she and Liam unearth another Reaper victim, but Cat determines the woman was murdered less than a year ago.
