The people out to rule the world do not care about how WWII is fought- All they care about is that they will Rule the Ruins.

To this President, the American people are the enemy.

Western Civilization is on the brink of collapse.

Barbarism, as it has done throughout history, once again comes forward to drench the world in blood and tear down what took generations to build.

Guiding their barbarian horde, a group only known but to a few people as Shadow, does not care what the world looks like after it is conquered- but only that they rule it and what are left of its inhabitants.

With its front in the United States known as, The Party of the People, or simply The Party for short. A Shadow group which has been at work for decades destroying the foundations and traditions of the nation. Its agents have infiltrated all branches and levels of state and local governments and taken over America's education system.

Finally they have their chosen man in the Oval Office and the time has come to finish their Work.

With a National Police Force as his enforcers, The President is eliminating all opposition to him and his Party. He has at his disposal a means of destroying millions of people without leaving a trace of evidence behind. Only a matter of time before YOUR turn comes.

Europe has all but turned over and surrendered without a fight in order to be safe rather than free and the United States is not far behind. Thankfully not everyone is so blind and distracted by slogans and catch-phrases that they are willing to become enslaved.

Unlikely alliances cobbled together by another hidden organization that opposes

People fight back not only for their own lives but for freedom of all, even for those people who are not caring one way or the other, so that humanity may look to the stars instead of bowing in the dirt.
