Here Comes Trouble (#8, Texas Trouble) (Texas Trouble Series) Becky McGraw

Trauma Nurse Terri Cassidy's life went to hell after her best friend and boss moved to Amarillo. Her new boss, a male doctor, has wandering hands and he thinks Terri has to put up with it. She files a complaint against him, but unbelievably the hospital board suspends her, instead of him. Terri decides she needs a fresh start, so she heads to Amarillo to see her friend and find another job. What she finds is her friend's new brother-in-law, and her one-night fling, sexy attorney-turned-dude-rancher Joel Rhodes who offers her a job as a medic at his ranch. She might consider it if she didn't know the man in a biblical way or know how raw the jaded rancher was from divorcing his nasty, cheating ex-wife. He'd basically told her that night that she would be the first of many flavors he sampled, and that was fine then. But now? Terri was well over her own divorce and wasn't looking for temporary. Taking that job would bring nothing but trouble because Terri knew it would be tough for her to say no to putting her boots under his bed again. But what choice did she have?

Joel Rhodes swore he'd never put himself in the position of trusting another woman. After his wife cheated on him with his ex-law partner, and all but bankrupted him, he learned. Remembering the peace he'd felt ranching with his grandfather, Joel hangs up his sheepskin and scrapes up what's left of his life to buy a ranch which he converts to a spa getaway for burned out professionals--a dude ranch. Things are going well until he visits his parents and runs into the first woman he slept with after his divorce. His rebound lover, Terri Cassidy, who is jobless and homeless now. Joel doesn't want to feel bad for her, he doesn't want to care. She was nothing to him but a band-aid to his broken ego.

But after he hears her story he can't help but want to help her, so against his better judgment he offers the beautiful brunette a job at his ranch, but swears he will keep his distance. It definitely doesn't take long for Joel to realize his error in judgment when she is on his two-yard-line, in his face, twenty-four hours a day, reminding him with her tight body and incredible scent why he needs to have her again. The longer she's at the ranch, the more he realizes that he needs her in his life, not just in his bed. But he is terrified to go there again. When his ex-wife shows up on his doorstep out of the blue, begging for his help, Joel has more trouble than he can shake a stick at with both women. When his ex-wife winds up dead in his bunkhouse, that escalates into a fight for his life--a fight that only Terri Cassidy can help him win.
