Nightmares are a frequent occurrence in Braden Kiel's life, following his stint in the army. His dreams are repeatedly plagued with the same, harrowing experience of being in the tortured in the desert and left for the dead and then brought back to life by the bite of an unknown wolf-like animal.

Thulu, a local latina girl living in a beach resort town, finds Braden and senses something different about him. He is not on a two-week vacation like most of the other people that come to the tropical beach resort where she lives. She is looking for the right man and wants to give Braden a try.
