Clinical Neurotoxicology: Syndromes, Substances, Environments, Expert Consult - Online and Print, 1e Michael R. Dobbs

Clinical Neurotoxicology offers accurate, relevant, and comprehensive coverage of a field that has grown tremendously in the last 20 years. You'll get a current symptomatic approach to treating disorders caused by neurotoxic agents, environmental factors-such as heavy metals and pesticides-and more. Apply discussions of cellular and molecular processes and pathology to clinical neurology. Leading authorities and up-and-coming clinical neurotoxicologists present their expertise on wide-ranging, global subjects and debate controversies in the specialty, including Gulf War Syndrome. And, Expert Consult functionality allows you to access the full text of the book online, from any Internet connection.

- Provides a complete listing of neurotoxic agents-from manufactured to environmental-so you get comprehensive, clinical coverage.
- Covers how toxins manifest themselves according to age and co-morbidity so that you can address the needs of all your patients.
- Offers broad and in-depth coverage of toxins from all over the world through contributions by leading authorities and up-and-coming clinical neurotoxicologists.
- Features discussion of controversial and unusual topics such as Gulf War Syndrome, Parkinson's Disease, motor neuron disease, as well as other issues that are still in question.
- Includes access to www.expertconsult.com, a companion website where you can quickly search the complete contents of the book.

Your purchase entitles you to access the web site until the next edition is published, or until the current edition is no longer offered for sale by Elsevier, whichever occurs first. If the next edition is published less than one year after your purchase, you will be entitled to online access for one year from your date of purchase. Elsevier reserves the right to offer a suitable replacement product (such as a downloadable or CD-ROM-based electronic version) should online access to the web site be discontinued.
