Love and Destiny: Discover the Secret Language of Relationships Sharon Jeffers

Originally devised by the ancient Egyptians, our familiar deck of 52 playing cards was first used as a divination and time-keeping tool. Author Sharon Jeffers has researched and recovered the mystical language of the cards in this beautifully designed, four-color gift book.

Using the *Love and Destiny* divination system, readers discover:

- * Ancient secrets about the cards as oracles of life and relationships
- * Their true personality type and who is the best type of person with which to be in a relationship
- * Types of people with whom to avoid having a relationship
- * Guidance in all of life's relationships, in addition to romantic attachments

The ancient, mystical system presented in *Love and Destiny* is unsurpassed in its delineations of the character and nature of relationships--their strengths and weaknesses, the lessons presented, the opportunities that exist, and last but not least, what each relationship needs most to find its fullest potential. Using the *Love and Destiny* system to see what a relationship is really about is a powerful way for readers to gain great self-mastery with choice over their lives and relationships.
