Hello! Interested in generating your own income — your own way — independent of a significant other and/or boss? That's freedom itself. One of the fastest, easiest ways to start making good money quickly (with no tuition bills, MLM presentations, or illegal shenanigans required - ugg!) is becoming an Eyelash Extension technician/guru.

This book series will get you there -- fast! Guaranteed.

Other books out there:

We found that other Eyelash Extension training manual type books are not as detailed and specific as we would have liked when we first started out! Plus they are \$35+ a pop. We thought there's a better way! Maybe you only want to read a portion of the manual...why pay for all of it!?

What we did differently to stand above the crowd:

- we broke our manual up into nice, clear chunks as different books in a terrific series (this is book 2)
- inside you will find TONS of links directly to what you need
- we included TONS of pictures to illustrate what we are talking about
- we included TONS of infographics to make the material easier to understand and remember

This is how it should be, we say! :) More affordable, easier to use, more informative, and more...well, fun.

We believe in giving you all the info you need to get started, not just talking in 'generalities,' keeping you in the dark about how to really do things yourself, and forcing you to buy our products. Though you can see what we have if you like in our shop.

This book covers EVERYTHING you need to know about setting up a workspace from equipment to eyelash supplies and more. We also (BONUS!) cover some important Safety best practices to ensure you get off the the best start possible without breaking the bank.

We are passionate about helping women succeed in business and beyond. We are two women who know what to do and want to share it with the world!

xo
