JavaServer Faces: Introduction by Example Josh Juneau

This book is about using JavaServer Faces to create and deploy interactive applications delivered to end users via a browser interface. JavaServer Faces is the component-based technology enabling easy development of such applications, especially applications of the type commonly needed in enterprise environments. *JavaServerFaces: Introduction by Example* is a to-the-point, 250-page introduction to an important technology that every Java Enterprise Edition programmer should know and be able to use.

JavaServer Faces: Introduction by Example takes you through building and deploying servlet-based web pages built around JavaServer Faces, Facelets, managed Java Beans, and prebuilt user-interface components. You'll learn to build user interfaces that run in the browser, to display data drawn from corporate databases, accept user input, deal with errors and exceptions, and more.

JavaServer Faces is an important user-interface technology for any Java developer to learn who works in an enterprise environment. *JavaServer Faces: Introduction by Example* is your no-nonsense guide to getting started right away in taking advantage of the technology's component-driven approach.

- Introduces servlets, which are the basis for JavaServer Faces applications
- Covers development and deployment of user interfaces in the browser
- Demonstrates advanced techniques such as the use of AJAX

What you'll learn

- Create web pages to present dynamic content drawn from databases and other sources
- Accept and respond to user input, including validation and error handling
- Embed Java in order to handle business logic
- Implement navigation to control a user's path through a transaction
- Design pages with Facelets, the view-definition language of JavaServer Pages
- Respond to user actions in real time by using AJAX-based techniques

Who this book is for

JavaServer Faces: Introduction by Example is written for Java Enterprise Edition developers wanting to develop user-interfaces that run in the browser and are component-based for fast development and deployment.

Table of Contents

1. Introduction to Servlets
2. JavaServer Pages
3. The Basics of JavaServer Faces
4. Facelets

5. Standard Components

6. Advanced and Ajax

From reader reviews:

Bessie Morris:

Here thing why that JavaServer Faces: Introduction by Example are different and reputable to be yours. First of all examining a book is good but it depends in the content from it which is the content is as yummy as food or not. JavaServer Faces: Introduction by Example giving you information deeper since different ways, you can find any book out there but there is no e-book that similar with JavaServer Faces: Introduction by Example. It gives you thrill examining journey, its open up your current eyes about the thing which happened in the world which is possibly can be happened around you. It is easy to bring everywhere like in park, café, or even in your means home by train. If you are having difficulties in bringing the paper book maybe the form of JavaServer Faces: Introduction by Example in e-book can be your choice.

Latoya Brown:

The book JavaServer Faces: Introduction by Example will bring you to definitely the new experience of reading a new book. The author style to explain the idea is very unique. In case you try to find new book to see, this book very acceptable to you. The book JavaServer Faces: Introduction by Example is much recommended to you you just read. You can also get the e-book from your official web site, so you can quickly to read the book.

Tony Jacobson:

Playing with family within a park, coming to see the sea world or hanging out with good friends is thing that usually you may have done when you have spare time, then why you don't try matter that really opposite from that. 1 activity that make you not sense tired but still relaxing, trilling like on roller coaster you already been ride on and with addition info. Even you love JavaServer Faces: Introduction by Example, you are able to enjoy both. It is very good combination right, you still would like to miss it? What kind of hang-out type is it? Oh seriously its mind hangout folks. What? Still don't obtain it, oh come on its known as reading friends.

Anita Burns:

As a college student exactly feel bored to help reading. If their teacher questioned them to go to the library or to make summary for some book, they are complained. Just little students that has reading's internal or real their interest. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading is not important, boring as well as can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this JavaServer Faces: Introduction by Example can make you feel more interested to read.
