The Charterhouse of Parma (Oxford World's Classics) Stendhal

The Charterhouse of Parma (1839) is a compelling novel of passion and daring. Set at the beginning of the 19th-century in northern Italy, it traces the joyous but ill-starred amorous exploits of a handsome young aristocrat called Fabrice del Dongo. The novel's great achievement is to conjure up the excitement and romance of youth while never losing sight of the harsh realities which beset the pursuit of happiness. This new translation captures Stendhal's narrative verse, while the Introduction explores the novel's reception and the reasons for its enduring popularity and power.

About the Series: For over 100 years **Oxford World's Classics** has made available the broadest spectrum of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more.
