THE HOLLYWOOD HISTORY OF THE W George MacDonald Fraser

Novelist, screenwriter, and historian George MacDonald Fraser has written a unique and fascinating survey of how the cinema has portrayed the history of the world. In *The Hollywood History of the World*, Fraser has divided history into *The Seven Ages of Hollywood*- from the *Ancient World and Tudors and Sea-Dogs* to *Romance and Royalty* and *The Violent Century*-- and shows how, contrary to popular belief, the movies have given us a clear-eyed look at past world events with a scope and perspective not possible in any other medium.
