**Maximum Risk (Wolff Securities Book 1)** Jennifer Lowery

It should have been a simple rescue mission...

Retired Pararescueman, Quinn Wolff, wrote the book on how to stay alive during a mission when he founded Wolff Securities, an elite private sector security firm. When he fast-ropes down to save missing humanitarian aid worker, Avery Marks, in the remote mountains of Azbakastan he isn't prepared for the brave, stubborn woman who challenges the rules he wrote in order to protect her.

But when it comes to matters of the heart nothing is simple...

Avery Marks learned a long time ago to take care of herself, but when her convoy is attacked, her friends and coworkers murdered, she has to rely on the aid of intensely capable and handsome, Quinn Wolff to get her safely out of the country. His skills keep her alive, but his kisses put her in danger. In danger of losing her heart. That's a risk she can't take ever again.
