**Weight: The Myth of Atlas and Heracles (Myths, The)** Jeanette Winterson

With wit and verve, the prize-winning author of *Sexing the Cherry* and *Oranges Are Not the Only Fruit* brings the mythical figure of Atlas into the space age and sets him free at last. In her retelling of the story of a god tricked into holding the world on his shoulders and his brief reprieve, she sets difficult questions about the nature of choice and coercion, how we choose our own destiny and at the same time can liberate ourselves from our seeming fate. Finally in paperback, *Weight* is a daring, seductive addition to Canongate's ambitious series of myths by the world's most acclaimed authors.
