## **Organizational Transformation: Approaches, Strategies, and Theories** Amir Levy

*Organizational Transformation* is the first book to analyze how organizations make it through difficult periods. Based on case studies drawn from a variety of industries, such as mental hospitals, schools, manufacturing companies, and the American Wildlife Society, this book offers practical advice on development strategies for managers and organization consultants. The book is divided into four sections, the first of which describes in detail the different approaches that have been developed to transform organizations. The second section describes and compares some of the basic strategies used in transforming organizations. The third provides the reader with a variety of theories and research on the topic, and the final section conceptualizes and integrates these theories.
