The Atlantic (Seas in History)

Paul Butel

The Atlantic (Seas in History) Paul Butel

From Antiquity to modern times, the Atlantic has been the subject of myths and legends. *The Atlantic* by Paul Butel offers a global history of the ocean encompassing the exploits of adventurers, Vikings, explorers such as Christopher Columbus, emigrants, fishermen, and modern traders. The book also highlights the importance of the growth of ports such as New York and Liverpool and the battles of the Atlantic in the world wars of the twentieth century.

The author offers an examination of the legends of the ocean, beginning with the Phoenicians and Carthaginians navigating beyond the Pillars of Hercules, and details the exploitation and power struggles of the Atlantic through the centuries.

The book surveys the important events in the Atlantic's rich history and comprehensively analyses the changing fortunes of sea-going nations, including Britain, the United States and Germany.

From reader reviews:

Tammy Crider:

Do you have favorite book? Should you have, what is your favorite's book? Publication is very important thing for us to find out everything in the world. Each guide has different aim or perhaps goal; it means that reserve has different type. Some people experience enjoy to spend their the perfect time to read a book. They can be reading whatever they get because their hobby will be reading a book. Think about the person who don't like examining a book? Sometime, man or woman feel need book once they found difficult problem or perhaps exercise. Well, probably you'll have this The Atlantic (Seas in History).

Dennis Bloom:

Reading a guide tends to be new life style with this era globalization. With reading through you can get a lot of information that will give you benefit in your life. With book everyone in this world can easily share their idea. Books can also inspire a lot of people. Lots of author can inspire all their reader with their story or even their experience. Not only the story that share in the publications. But also they write about the information about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors these days always try to improve their skill in writing, they also doing some analysis before they write with their book. One of them is this The Atlantic (Seas in History).

Carolyn Bailey:

Is it you actually who having spare time then spend it whole day by simply watching television programs or just lying on the bed? Do you need something new? This The Atlantic (Seas in History) can be the answer, oh how comes? A book you know. You are and so out of date, spending your extra time by reading in this new era is common not a nerd activity. So what these textbooks have than the others?

Karen Garcia:

A lot of reserve has printed but it is unique. You can get it by net on social media. You can choose the best book for you, science, witty, novel, or whatever simply by searching from it. It is known as of book The Atlantic (Seas in History). Contain your knowledge by it. Without leaving behind the printed book, it can add your knowledge and make an individual happier to read. It is most essential that, you must aware about reserve. It can bring you from one location to other place.
