Building Java Programs: A Back to Basics Approach Plus MyProgrammingLab with Pearson eText -- Access Card Package (4th Edition) Stuart Reges, Marty Stepp

NOTE: Before purchasing, check with your instructor to ensure you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a **Course ID**, which your instructor will provide.

Used books, rentals, and purchases made outside of Pearson

If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase.

For courses in Java Programming

This package includes MyProgrammingLab™

Layered, Back-to-Basics Approach to Java Programming

Newly revised and updated, this **Fourth Edition** of *Building Java Programs: A Back to Basics Approach* uses a layered strategy to introduce Java programming, with the aim of overcoming the difficulty associated with introductory programming textbooks. The authors' proven and class-tested "back to basics" approach introduces programming fundamentals first, with new syntax and concepts added over multiple chapters, and object-oriented programming discussed only once readers have developed a basic understanding of Java programming. Previous editions have established the text's reputation as an excellent choice for thoroughly introducing the basics of computer science, and new material in the **Fourth Edition** incorporates concepts related to Java 8, functional programming, and image manipulation.

0134448308 / 9780134448305 *Building Java Programs: A Back to Basics Approach plus MyProgrammingLab with Pearson eText -- Access Card Package, 4/e*
