I want to trust him. But I needed to test that trust, and in doing so, I drove him away. If he loves me, he'll come back, won't he?

I'm Jas, and I'm a pretty successful businesswoman back in the States. Here in England, though, I'm adrift. One good thing happened to me: Andrew Walker-Wilkinson, the first man strong enough to control me.

Our passion is too intense to keep us apart - until Andrew's livelihood is threatened, he's disinherited and the most powerful man in London vows to destroy him.

Our love makes me a target, too. I don't sit around waiting to be rescued. I go out and make things happen.

I just don't know who I can **really** trust. It's not long before my life is in danger from an unexpected ally...

This is a steamy romance novella. It's the second part of a trilogy and ends on a cliffhanger - only buy this if you want to be hooked and begging for more!
