A Nation Divided and The War That Brought Her to Her Knees

~ READ FREE WITH KINDLE UNLIMITED ~BONUS RIGHT AFTER THE CONCLUSION - ACT NOW BEFORE GONE!

A not so Civil War

Starting in our early school days we read about the Civil War. We learn of the greatest battles, the brave generals, the unprepared troops who valiantly stood up to the opposing forces with honor and dignity. What we do not often learn about is the behind the scenes. The quibbles between the men and the generals. What really happened to start the war.

Often we think of this war as a step in the emancipation of slavery. What many don't realize is that the emancipation was only a byproduct of the war. With tensions brewing for years previous, the "freeing" of the slaves could be seen as a mere tactic in a series of moves to gain support. With violent starts, the war raged on beyond what anyone could have foreseen.

There were tales of bravery and of foolishness throughout the war. Through this book you will learn about both tragedy and heroics of the men that led and served.

Here's just a few things you'll learn about:

- • What really happened to trigger the war

- • McClellan's demise as a general

- • The truth about the famous “Emancipation Proclamation”

- • Eyewitness stories and accounts of battles

Civil War I: Bull Run to Chancellorsville will take you through a side of American history that some novice historians may be unaware of and put you in a front row seat to some of the more decisive battles.
