Franz Marc (Mega Square) Victoria Charles

Condemned by the Nazis as a degenerate artist, Franz Marc (1880-1916) was a German painter whose stark linearity and emotive use of color eloquently expressed the pain and trauma of war. In work such as his celebrated *Fate of the Animals*, Marc created a raw emotional expression of primitive violence which he called a premonition of the war which would eventually be the cause of his own untimely death at the age of 36.
