**A high-tech researcher determined to disprove Christianity. A caring doctor in a state of panic. A young woman deceived and dying. They all bear the wounds of darkness. At what cost comes the cure?**

The newspapers in and around town are shouting the question: Is he a hero, a murderer, or a fool?

Dr. Seth Berringer is wondering himself. In desperation he tried to take things into his own hands--and now those hands are stained with blood.

He's caught in a cover-up with worldwide scientific and spiritual implications. And only the truth can set him free.

**Fiction as real as the dark impulses of the human heart**

*"The Stain is as current as today's headlines, yet as eternal as God's truths. Surgeon Harry Kraus has combined his medical expertise with a gripping tale of modern medical mayhem that will keep you up tonight!" --Angela Elwell Hunt, Best-selling author*
