Essential First Steps for Parents of Children with Autism: Helping the Littlest Learners (Topics in Autism) Lara Delmolino, Sandra L. Harris

When autism is diagnosed or suspected in young children, overwhelmed parents wonder where to turn and how to begin helping their child. Drs. Delmolino and Harris, experienced clinicians and ABA therapists, eliminate the confusion and guesswork by outlining the pivotal steps parents can take *now* to optimize learning and functioning for children age 5 and younger. The book covers:

- early indicators of ASD in children younger than 3 years
- behaviors of 3 to 5 year olds with a confirmed diagnosis
- research about effective treatments & teaching methods
- strategies for boosting play, communication & self-help skills
- support for the rest of the family

Case studies and a review of evidence-based interventions and proven practices help parents prepare a strong foundation for their child's future development.
