Intelligent Design: Revelations to Apocalypse brings two science fiction novellas together in one epic novel. Intelligent Design: Revelations begins sixty seven million years ago revealing new worlds, great technologies and superior beings' efforts to save several species of hominids. Come forward to present days, there are only a trusted few humans that know Earth is not the only planet with sapient life in our solar system. The truth of our origins and greater threats to come will test human resolve. And it will all fall onto two women. Intelligent Design II: Apocalypse provides more answers that are far darker than the questions. Hidden planets, preexisting advanced civilizations, coexisting hominid species, and new revelations have all led to the end of days. Whether by twist of fate or by design, the Jovian planet is about to ignite into a sun. The civilizations of Mars, Earth and Terra are now at risk from the cataclysmic effects of an impossible astronomical anomaly. Intelligent Design I and Intelligent Design II garnered critical success including winning silver at the Foreword Reviews INDIEFAB Book of the Year as well as positive recognition from Readers' Favorites Reviews, Indie Book Reviewers, Feathered Quill Reviews and US Review of Books.
