A collection of profound and inspiring quotations from one of the most important voices of our times: the late Thomas Berry, author, geologist, cultural historian and lover of the Earth. It includes several quotations from work that Berry co-authored with cosmologist Brian Swimme. All the quotations were selected and arranged by June Raymond, especially for the GreenSpirit organization. Along with her introduction, June has included her suggestions on how the book may be used as a tool for meditation. This is a little book that demands a permanent place on everyone's bedside table.
