## **¿Que tal?, An Introductory Course (Student Edition and Listening Comprehension Audio Cassette)**

Thalia Dorwick, Ana Maria Perez-Girones

Manageable in length and communicative in approach, this brief introductory Spanish program established its popularity early and has increased it in each subsequent edition. The foundation of ¿Que tal? rests solidly on the four skills of listening, speaking, reading, and writing and is reinforced by lots of lively activities.

¿Que tal?, 4th edition retains this successful formula but has become both more manageable and more communicative. ¿Que tal?, 4th edition is more clearly organized than the previous edition, making the text even easier from which to teach and learn. To make the art and realia (on which many activities are based) easier to read, ¿Que tal?, 4th edition has a larger, more attractive format and, for the first time, includes an Annotated Instructor's Edition. The 4th edition of ¿Que tal? contains an even greater variety of activities than in previous editions. In addition, a new audiotape is packaged free with each new student text to give students additional practice outside of class.
