The Bowery Boys' official companion to their wildly popular, award-winning podcast

It was 2007. Sitting at a kitchen table and speaking into an old karaoke microphone, Greg Young and Tom Meyers recorded their first podcast. They weren't history professors or voice actors. They were just two guys living in the Bowery and possessing an unquenchable thirst for the fascinating stories from New York City's past. Nearly 200 episodes later, *The Bowery Boys* podcast is a phenomenon, thrilling audiences each month with one amazing story after the next. Now, in their first-ever book, the duo gives you an exclusive personal tour through New York's old cobblestone streets and gas-lit back alleyways. In their uniquely approachable style, the authors bring to life everything from makeshift forts of the early Dutch years to the opulent mansions of The Gilded Age. They weave tales that will reshape your view of famous sites like Times Square, Grand Central Terminal, and the High Line. Then they go even further to reveal notorious dens of vice, scandalous Jazz Age crime scenes, and park statues with strange pasts.
